

# Gen. Pershing Says Tributes for Victory Belong to His Soldiers.

## GIVE PERSHING WILD OVATION.

*Guns Boom and Cheers Roar Welcome to Hero.*

*Rides Through Surging Crowd to City Hall.*

*Baker Pays Splendid Tribute to Great Leader.*

(Continued from First Page.)

Gen. Pershing's commission he turned to his son and handed him the document with an injunction to keep it safe. "The 'Bargain' kept it safely all right, but later on, in the great crowd at the City Hall, he got separated from his father, much to the dismay of the general. When the boy was recovered his father asked anxiously:

"Where, have you got the commission?"

"Yes, sir," replied the "Bargain" promptly.

"Well, see that you hold on to it," the army and officialdom did not have it all their own way at the preliminary reception at Hoboken. Among a little army of welfare workers who greeted Gen. Pershing were fifty girls, three of whom were decorated for bravery under fire while serving with the First Division. Night naval airplanes soared and circled over the Leviathan as she steamed up the bay and included in the committee at the dock was Rear-Admiral Morgan, commander of the cruiser and transport service.

## THOUSANDS LINE STREETS.

But it was reserved to New York to begin the real ovation to the returning hero. For hours before the arrival of the general, "the Battery" was thronged with patient thousands who stood in serried ranks silently waiting. As the little boat with its distinguished party steamed up to the pier an uproar began such as Manhattan probably never had heard before. From a thousand factories and vessels steam whistles shrieked out a raucous welcome, but vainly tried to drown the roar of those which rose and fell and rose again. Overhead airplanes dipped and circled but the drone of their engines was scarcely audible and the most valiant efforts of the department's band served only to give the impression of a number of men who were silently trying to blow themselves up after the manner of the frog in the fable.

At first Gen. Pershing seemed to be suffering more from embarrassment than any other emotion. He walked slowly from the landing stage to his gaily-decorated automobile and settled himself down in his seat like a man who has an important journey to make and wants to get it over with as quickly as possible. But as the long procession of cars started up Broadway he was engulfed in a flood of enthusiasm before which no man could have remained unmoved.

## REDLAP OF NOISE.

New York's financial district was a bedlam of noise and a riot of color.

## WILSON SENDS WELCOMING MESSAGE

[BY A. P. NIGHT WIRE.]

NEW YORK, Sept. 8.—After Secretary Baker had welcomed Gen. Pershing home he read to him the letter of President Wilson, expressing joy at his return and regret that Mr. Wilson could not greet him personally. The letter said:

"My Dear Gen. Pershing: I am distressed that I cannot greet you in person. It would give me the greatest pleasure to grasp your hand and say to you what is in my heart and in the hearts of all true Americans as we hail your return to the home land you have served so gallantly. Notwithstanding my physical absence, may I not, as your Commander-in-Chief and as spokesman of our fellow-countrymen, bid you an affectionate and enthusiastic welcome, a welcome warmly provided the ardor and genuine affection and deep admiration. You have served the country with fine devotion and admirable efficiency in a war forever memorable as the world's triumphant protest against injustice and as the vindication of liberty—the liberty of peoples and of nations.

"We are proud of you and of the men you commanded. No finer armies ever set their indomitable strength and unconquerable spirit against the forces of wrong. Their glory is the glory of the nation and it is with a thrill of pride that we greet you as your leader and commander. You have just come from the sea and from the care of the men of the navy, who made the achievements of our arms on land possible, and who so gallantly assisted today the clear the seas of their lurking peril. Our hearts go out to them too.

"It is delightful to see you home again, well and in the full vigor of your manhood. I will not speak now of our associates on the other side of the sea. It will be delightful on many occasions to speak their praise. I speak now only of our personal joy that you are at home again and that we have the opportunity to make you feel the warmth of our affectionate welcome."

Every window in the huge skyscrapers was packed, and even the cloud-piercing roofs had their quotas. From these a storm of many-colored confetti descended on the surging crowds beneath. The mists had disappeared with the smoke of the guns, and the brilliance of the scene was enhanced by streamers of red, white and blue ribbons which were shot through the air from hundreds of the windows.

The enthusiasm of the spectators found vent in one unheeded incident which was received by Gen. Pershing with apparently mingled feelings. As he entered the City Hall flanked by Gov. Smith and Mayor Hylan, a woman burst past the police guards and implanted a sound kiss on his cheek. Another woman, stirred to emulation, attempted to repeat the feat. But the general raised his hand in supplication: "Oh, madam," he said, "please don't, not that."

## BRIEF CEREMONY.

The ceremony at the City Hall, where Gen. Pershing was officially welcomed to New York, was brief. After the Mayor had delivered his address of welcome and the general had made a short reply, the party emerged again and the procession was resumed.

As the procession advanced uptown streets grew few but at a steel foundry two husky doughboys whose somewhat grimy khaki trousers explained how they had beaten their swords into pruning hooks, provided the American soldier has not an unjust reputation for idleness. They had erected an enormous wall of sheet iron on the pavement and their hands were made a racket which seemed to please them, whatever were the feelings of the general. A little further on a large junk shop provided an ancient church bell which three girls banged lustily with hammers.

## LUNCH WITH KINFOLK.

On arrival at his hotel the general retired immediately to the suite which had been reserved for him. There he lunched privately with his son and daughter, Miss May Pershing of Lincoln, Neb., and Mrs. D.

## SENATORS OPEN MEXICO INQUIRY

*Dr. Inman of New York Defends Acts of Carranza.*

*Declares First Chief's Work is Misrepresented.*

*But Fails to Pin His Accusation to Any Men.*

[BY A. P. NIGHT WIRE.]

WASHINGTON, Sept. 8.—Investigation of the Mexican situation by a committee of Senators headed by Senator Fall, Republican of New Mexico, which is expected to continue several months, was opened today when the committee heard Dr. Samuel G. Inman of New York, an official of the League of Free Nations, who defended Carranza.

Existence of an organized propaganda movement in the United States, calculated to counteract any step towards armed intervention in Mexico, was established. Dr. Samuel Guy Inman admitted under sharp cross-examination that his association had sent out literature aimed to quiet any demand for intervention by the United States in the southern republic. Dr. Inman told the committee that American oil companies were expending large sums of money in an attempt to obtain intervention, but under cross-examination said he recently had been told that the oil interests were opposed to intervention.

## TELLS OF PUBLICATIONS.

Inman was questioned concerning several articles put out by his association, many of which he said were written by L. J. Debecker. One of the articles entitled to his attention was entitled "The Truth About Mexico," and referred to investigating committee as "a bunch of scoundrels." Dr. Inman said he was unable to give the name of the author of the article.

A letter which Chairman Fall said was written and circulated by Inman contained a "riot call" to friends of Mexico to do what they could to prevent armed intervention in Mexico, saying that such action was imminent and charging that Carranza was a traitor. "When the country had waked up a little bit more it would be easy to pull off a few raids as already had been done," the letter said.

## PENALTY WITH FALL.

For an hour the witness faced with Fall and Senator Brandegee before they secured from him anything but an evasion. Senator Fall, however, was presented to the American people as a southerner of America's participation in the war. The train would be given to the general and shipped to the United States, where Gen. Pershing would turn it over to the government.

## IT WOULD BE EXHIBITED THROUGH THE UNITED STATES.

Gen. Pershing made his last trip on it the night of August 11 when he left Paris for France.

The train comprises eight cars, office car for the general and his aides, stenographers, clerks of staff, private car for the general, two cars for officers, dining car, car for press could invent. I believe he is not anti-American. He is pro-American. He has tried to work out a policy of Mexico for Mexicans and he has gone too far in that.

Dr. Inman said he had been informed some objectionable features in the Mexican constitution were opposed by Carranza.

It was developed in Dr. Inman's testimony that the United States still are under military rule.

The retroactive factor in the Mexican constitution, he said, faced a general who had used since as a mobile headquarters, he presented to the American people as a southerner of America's participation in the war. The train would be given to the general and shipped to the United States, where Gen. Pershing would turn it over to the government.

## Bootleggers, Beware! Here's Nemesis.

Harry W. Mager, Recently appointed chief of revenue agents. He is 39 years old and the youngest chief of revenue agents who ever held office. He will have supervision over the work of 2500 men and will have charge of the administration of liquor and nicotine laws and of the laws relating to the evasions of taxes.

## MAY GIVE PERSHING TRAIN

[BY CABLE-EXCLUSIVE DISPATCH.]

PARIS, Sept. 8.—The French government is seriously considering the suggestion that the special train which was put at the disposal of Gen. Pershing early in 1918, and which the general has used since as a mobile headquarters, be presented to the American people as a souvenir of America's participation in the war. The train would be given to the general and shipped to the United States, where Gen. Pershing would turn it over to the government.

It would be exhibited through the United States. Gen. Pershing made his last trip on it the night of August 11 when he left Paris for France.

## PEACE OF WORLD NEEDS AMERICA

*President is Cheered When Called an Idealist.*

*High Taxes and Standing Army if We go it Alone.*

*Treaty Disarms Germany and Makes Her Powerless.*

(Continued from First Page.)

off and Germany didn't dare to cool off for nine hours (applause). "If Germany had dreamed that anything like the greater part of the world would combine against her, she never would have begun the war and she didn't dare to let the opinion of mankind come against her, by the discussion of the purposes which she had in mind. So what I want to point out to you is that we are making a fundamental choice of a government. You must adopt a government in which Germany is pictured as a perfect flower or you must have a new system.

## FOLLOW GERMAN'S LEAD.

You cannot have a new system unless you supply a substitute—an adequate substitute for the old. And I want to say that when certain of our fellow-citizens take the position that we want to go it alone, want to take care of ourselves, I say that is the German position. Germany has the mouth of her Emperor, through her writers, and through every action, said here we stand ready to show that no nation can compete with that agency which we have in the American programs in the eyes of some gentlemen and I want to tell you that in the last two weeks the pro-German element has lifted its head against it says I see a chance for Germany and America to stay out and take care of themselves. Not as partners or allies perhaps, but as Americans will play the same role as the Germans under the order that brought us through that agony and bloody sweat; that agony where the world seemed to be caught in the throes of a curse that we did not know whether civilization would survive or not and we did not believe too easily that it was safe.

There were passions let loose on the field of the world at war which have not grown quiet, and which will not for a long time. And every element of disorder is a danger that there would be no staying hand from the non-nation nations which are the world steady, until we can make the final arrangements of justice and peace. I sometimes think when I wake up in the night of the wretched nights that anxious fathers, mothers and friends spent during the weary years of the war, and I hear the cry of mothers, of the children, millions on the other side, and thousands on this side, in God's name give us security and peace right."

## NO RESERVATIONS.

[BY A. P. NIGHT WIRE.] SAN FRANCISCO, Sept. 8.—No reservations of seats for President Wilson's address at the municipal auditorium here September 17 will be made, Gavin McNab, in charge of arrangements, said today.

At the President's request it will be a case of "first come, first served," McNab said.

## WOULD PART POLITICS FROM CIVIL SERVICE.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Sept. 8.—With the declared object of taking the Civil Service Commission out of "partisan political bias and influence," Chairman Stearnson of the House Judiciary Committee today introduced a bill to have the commissioners appointed by the Supreme Court instead of the President.

The bill, Representative Stearnson said, grew out of the recent resignation of Commissioner Calvin Lowry and Craven, who declared they were "ousted" by Postmaster General Burleson, because they would not co-operate in "debauching the civil service" and making a sham of the merit system.

## GERMANS MAKE TO RESTORE

[BY CABLE AND ASSOCIATED PRESS.]

BERLIN, Sept. 8.—A thousand German volunteers for the war in Northern France to Vorwarts.

## COTTON, \$1,000,000, BURNS IN ROTTERDAM.

[BY CABLE AND ASSOCIATED PRESS.]

ROTTERDAM, Sept. 8.—Fire on the wharves here today destroyed \$1,000,000 worth of cotton.

ARCHANGEL, Sunday, Sept. 7.—A great fire has been burning furiously for more than two days on Marinka Island, in the gulf of Archangel. Timber and sawmills for three miles on both sides of the gulf have been destroyed.

The destruction of property for miles around is reported complete. Estimates of the damage place it at \$6,000,000 rubles. Incendiarism is suspected.

## CALIPATRIA RUNS OUT RED AGITATOR.

[BY A. P. NIGHT WIRE.]

CALIPATRIA, Sept. 8.—Peter Lynch, said to be an organizer for the I.W.W. who was arrested Saturday night and placed in the City Jail here, was released from jail early yesterday morning, escorted to the city limits by a "citizens' committee" and ordered never to return. How the citizens secured a key to the jail is unexplained.

## MINNESOTA RATIFIES WOMAN'S SUFFRAGE.

[BY A. P. NIGHT WIRE.]

ST. PAUL, Sept. 8.—The Minnesota House of Representatives shortly after the special session opened today ratified the Federal woman suffrage amendment. The vote was 126 to 6.

The Senate ratified the Federal suffrage amendment, 60 to 5.

## STAGE WRECK INJURES FIVE.

*Bus from San Diego Turns Turtle at La Habra.*

*Two Victims Said to be in Critical Condition.*

*Two Passengers and Driver Jump for Their Lives.*

(REUTERS DISPATCH.)

FULLERTON, Sept. 8.—One of the stage plays playing between San Diego and Los Angeles, north bound, said to be owned by the A.R.G. Company, turned turtle on a dirt crossroad near La Habra at 8 o'clock tonight, injuring five passengers, all of whom were brought to Fullerton Hospital for treatment.

The injured are: Mrs. Longley, heart shock, many ribs broken; Mrs. Longley, not serious; Mrs. Longley, chest crushed, will probably die; Miss L. Moody, two ribs broken; right hand broken, chest crushed, condition critical; Mrs. Longley, San Diego, shoulder broken, two ribs on the right side broken, condition serious; George Longley, San Diego, shoulder broken and other slight injuries.

The Longleys and Miss Moody are from San Diego.

Well, we're back on the job after the big vacation. We had quite a large time, but are glad to be with you again. We're all pepped up and ready to go. We found things at Woolf & Bean's Hotel Alexandria Shop stepping along right merry.

The boys have been on the job every second and business has been all to the good. The buyer chap certainly has been stepping on it, 'cause there sure is a wondrous array of new stuff in that little shop. Just drop into Woolf & Bean's Hotel Alexandria Shop and see yourself. A right bunch of new shirts, ties, hats, caps and socks that will open the eyes of a blind man.

Give 'em a look.

## Clothes for Young Men

Fall clothes for young men are here in attractive assortment. Freight delays interfering with the shipments, and in order to meet the urgent demand, we have had these clothes come by express.

They are similar to the kind of clothes that have proved so satisfactory to hundreds of young men during the past few months.

Some of the models are high-waisted—others double-breasted with belts all around—and they have the slash pockets the young men like so well.

There are also sport models—double-breasted, with inverted pleats and half belt backs.

One of the new, natty sport models pictured herewith has yoke back, blind pleats, semi belt, high waist-line, deep vent, narrow sleeves, flare cuffs, graceful soft roll front. This is one of the most beautiful suits produced for fall and winter wear.

These suits are fashioned in all wool chevrons and unfinished worsteds. None better have come from the manufacturers.

You are looking for a stylish, well tailored, serviceable suit. It is here. Permit us to serve you.

We have also received for men of mature years a number of new fall models—soft roll coats, two and three-button effects. Hard finished worsteds, unfinished worsteds and chevrons. These are high-grade suits of dependability.

WOOL MEN OPPOSED TO FEDERAL CONTROL

(BY A. P. NIGHT WIRE.)

WASHINGTON, Sept. 8.—Further argument against Federal control of the packing industry was presented today by J. M. Wilson, president of the Wyoming Wool Growers Association, who testified before the Senate Agriculture Committee and commented adversely on the Federal Trade Commission and its report on the packers.

"The West is absolutely opposed to a licensing system," he said, "and we have confidence in the wool grower's ability to produce specific wools."

A questionnaire on government control in his territory, Wilson said, showed 110 in opposition, twenty support, 100 against Federal control of any industry and trade in favor.

**Advertising Volapuk**

In real life, the widely advertised brand is the accomplished Esperanto or Volapuk of many peoples.

In this country, or abroad, you might have the greatest difficulty making your wants known or yourself understood. Charlie Chaplin, the Gold Dust Twins, Bill Durham and Standard Oil, however, speak the same language in any country, in any dialect and even to the literate.

All peoples' basic wants are for food, clothing and shelter. The most advanced taste simply amplifies this demand.

In each social stratum, irrespective of race or language, the wants are similar.

When your line is established in the life and language of all people, as in Victrola and Kodak, you will have added one more international medium of exchange.

There is no stronger protection commercially than a world-wide trade-mark of virtue.

Advertising space in the Butterick publications is for sale by accredited advertising agencies.

**LEGION OUT ON MEMBER DRIVE.**

Veterans Hope for Million Before November Convention.

Slogan of Campaign is to be "Let's Stick Together."

Each State Given Quota, California's Being 32,705.

(EXCLUSIVE DISPATCH.)

NEW YORK, Sept. 8.—A nationwide campaign to increase the membership of the American Legion to 1,000,000 veterans of the great war was announced today to be started by all State branches and local posts throughout the country on Monday, September 15. The drive will last six days, closing on Saturday, September 20. In that time each State will be expected to fill a membership quota necessary to make the strength of the legion nationally 1,000,000 members.

More than one-third of the million—400,000 soldiers, sailors and marines of the recent war organized in upward of 1500 posts from coast to coast—has already been obtained. Henry D. Lindsey, chairman of the National Executive Committee, has appointed these 400,000 the general membership drive committee, each one with a quota of three of his "buddies" to enroll in his local post in the week of the campaign. The slogan of the drive will be "Let's Stick Together." It will be posted in large and small communities throughout the country.

**STATES GIVEN QUOTAS.**

The membership quota for each State has been worked out on the basis of the number of men who served in the army, navy or marine corps during the war from that State. Many States have almost reached their assigned quotas already and the drive in those States will be to double their present enrollment. One of the chief incentives of the campaign will be the fact that each State's voting strength at the national convention in Minneapolis on November 10, 11 and 12, will be based on its membership prior to October 10, thirty days before the convention assemblies.

The campaign for 1,000,000 members will be conducted on intensive lines. Counties and posts will be assigned their individual quotas. Teams will be formed in each post and cities, towns and country districts divided into workable subdivisions so that an opportunity will be available for a personal appeal to every ex-service man. Noonday and evening meetings will be held and speakers sent to theaters, motion-picture houses, agricultural fairs and industrial districts to present the legion to the veterans.

In a statement sent today to the members of the legion on the membership drive, Henry D. Lindsey, chairman of the National Executive Committee, says:

"Veterans working for the American Legion are working for America, which needs the help of all her sons to conserve the principles for which the United States fought against Germany. Editors, merchants, employees and all good Americans extended their co-operation in the Liberty Loan drives. You members of the American Legion represent a drive started by the 4,500,000 men and women who offered their lives to safeguard the liberty which they now enjoy."

To the State which leads the country in the membership drive, the National Executive Committee will present a banner at the Minneapolis convention on November 11, American Legion Day when Marshal Foch and other distinguished guests are expected to be present.

California's quota in the membership drive is 32,705 of a total number of men in service of 141,821.

**INSURANCE PLANNED BY FEDERAL WORKERS.**

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Sept. 8.—A plan for insurance to cover the life and health of the sixty thousand members of the National Federation of Federal Employees was considered at today's session of the organization's national convention here. Final action was delayed, but will be taken, delegates said, before Saturday, the closing day.

A resolution urging action by Congress on the Nolan wage bill which would assure minimum pay of \$2 a day to every Federal employee was adopted and greetings were received from the National Association of Letter Carriers in convention at Philadelphia.

In observance of Admission Day, no formal programs of business was contemplated for tomorrow.

**CANT LEAVE BALTIC STATES, SAY TEUTONS.**

(BY CABLE AND ASSOCIATED PRESS.)

BERLIN, Sept. 7.—The government has addressed a note to the Entente powers regarding the evacuation by Germany of the Baltic provinces, which has been ordered by the Peace Conference, saying it is impossible, owing to the subordination of the German troops still in Courland.

In consequence of the restrictions imposed by the Allied governments, Germany is not in a position to compel obedience from its troops by military means, the note says. "As a result of the extremely excited feeling among the troops, it is impossible now to prepare a plan of evacuation."

Real "Bour Dough" in Cabinet.

(BY A. P. NIGHT WIRE.)

ANCHORAGE (Alaska) Aug. 7.—Jerry C. Murphy of Anchorage, Alaska's new Territorial Attorney General, is a real Alaskan "bour dough." He came into the territory as a prospector with a back on his back and, at one time, worked as a packer on the Valdes-Fairbanks overland trail.

PETROGRAD PLAGUE DEATH TOLL HEAVY.

(BY CABLE AND ASSOCIATED PRESS.)

STOCKHOLM, Friday, Sept. 5.—From 200 to 300 persons are dying daily in Petrograd from cholera, according to advices from that city. Owing to the lack of medicines and food, many of the hospitals have been closed.

FRENCH RATIFICATION IS EXPECTED SEPT. 20.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, Sept. 8.—According to the Echo de Paris, the Chamber of Deputies will ratify the peace treaty September 10 and the Senate September 20.

"A thing of rare and haunting charm is 'Broken Blossom' at the E. Vanishing Post. Coming, Clumsy Auditorium.—(Advertisement.)

**OVERSEAS NURSE TO RUN FOR ASSEMBLY**

Miss Marion Dickerman.

NEW YORK, Sept. 8.—[Exclusive Dispatch.] When Miss Marion Dickerman, an attractive up-State girl, returned today from a year of service as a nurse in American army hospitals in France she was greeted with the announcement that she had been nominated as a candidate for the Assembly from Oswego county. Her home is in Fulton, a suburb of Syracuse, and before entering work she was an active leader in political and civic affairs in that town. Her profession is school teaching.

**GEN. HARBORD WANTS THE MANDATE PLAN.**

AMERICA SHOULD DO ITS DUTY TO CIVILIZATION—CITES RULE IN PHILIPPINES.

BY HENRY WALES.

(BY CABLE—EXCLUSIVE DISPATCH.)

PARIS, Sept. 8.—[Mal.] Gen. James G. Harbord, who has left Constantinople for Armenia on board the United States naval transport DeKalb, firmly believes in the principle of the United States accepting mandates.

"After the Spanish-American War I believed America assumed a position of one of the great world powers," the general said recently. "And as a world power I welcomed our occupation of the Philippines. I never heard of mandates until this Peace Conference, and I would not pretend to express an opinion regarding an American mandate in Turkey—either Constantinople or Armenia—until I have been over the ground. I will proceed to the eastern end of the Black Sea to Batum, where the British are guarding the Trans-Caucasian Railway."

"From Batum I will return along the south coast of the Black Sea to Trebizond and there will leave the DeKalb and go overland to Erzerum, which is headquarters for the Turkish army concentrated between there and Lake Van. I expect to see the Turkish commander-in-chief and talk the situation over. The trip will return to Trebizond, proceed along the Black Sea and go back to Smyrna and Cilicia. The trip should require a month. I expect to be back and to present my report at the end of October."

Gen. Harbord agreed that the argument against the United States accepting mandates because they might lead us into future European wars seemed weak, because the United States never has held mandates before, yet was dragged into the world war would probably be dragged into any future world war in the same way, even though not holding mandates.

"There are a lot of worse things than that individuals or nations can do than fight," said Gen. Harbord. "There are times when sacrificing one's honor, self-respect and rights are less preferable than fighting."

The Harbord party is using the former auxiliary cruiser DeKalb because she is fitted with extra large coal bunkers, giving a cruising radius of 10,000 miles.

**WEST VIRGINIA WILL CHECK RED OUTBREAKS**

(BY A. P. NIGHT WIRE.)

CHARLESTON (W. Va.) Sept. 8.—Vigorous measures are to be taken by the State of West Virginia to prevent a recurrence of the events of the past year when armed men marched across the country threatening to violently invade a neighboring county made to the Governor's office today that the several thousand miners who had assembled on the Logan county line, but were induced to disperse and were brought back to their homes by special trains last night, and returned to work today, with few exceptions.

**CRONKITE TAKES OVER ARTILLERY COMMAND.**

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Sept. 8.—Orders at headquarters of the Western Department of the army here announced today that Brigadier General Frederick S. Cronkite, retired, will take command of the Southern Pacific artillery district in succession to Brigadier General Hugh Rodman, announced today through Capt. N. C. Twining, his Chief of Staff.

**HOUSE VOTES FOR BENSON AND SIMS.**

(BY A. P. NIGHT WIRE.)

WASHINGTON, Sept. 8.—By a vote of 244 to 7 the bill conferring the rank of permanent admiral on Admiral Benson and Rear-Admiral Sims was passed today by the House and went to the Senate.

**OPPOSES RED CROSS SCHOOL INSPECTION.**

STATE SUPERINTENDENT WOOD SAYS IT IS NOT ACCORDING TO LAW.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, Sept. 8.—Replying to a complaint from the Public School Protective League, that the school authorities at Coronado had given tentative permission to the Red Cross to carry on health inspection among pupils and give treatment, William C. Wood, superintendent of public instruction, said today that such inspection can be done only by people who are certificated according to law, and that the law does not give the school board power to force parents to have pupils treated.

"No regulations should be adopted," he said in his letter, "except in strictly school matters, as will cause parents to be reluctant to send their children to the public schools. If uncertificated persons operating under one private organization can treat pupils of the public schools, any organization can claim the same right. Within a short time we would

**CONSTITUTION DAY IS URGED.**

Governor Issues Proclamation for its Observance.

Says Spirit of Irresponsible Assault Prevalent.

Behooves Americans to Inculcate a Reverence.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, Sept. 8.—Gov. Stephens today issued a proclamation, given out here by his secretary during the Governor's absence from the capital, suggesting September 17, the one hundred and thirty-second anniversary of the signing of the Federal Constitution, be observed in California as "Constitution Day." The proclamation refers to "a spirit of irresponsible assault on our institutions" as prevalent and urges that a regard for the Federal Constitution be promoted as that document is the national bulwark.

The proclamations follow:

"September 17 will be the one hundred and thirty-second anniversary of the signing of the Constitution of the United States of America. No step in the progress of human government ever had greater significance for the well being of mankind."

"It behooves all good American citizens to strive to inculcate in our people and in the minds of the rising generation an understanding and respect and reverence for our country's Constitution in order that the principles of right and freedom embodied therein may be maintained and safeguarded in the interest of order and just government."

"A spirit of irresponsible assault on our institutions prevails to a considerable extent in our land. The arts of clever propaganda seem formidable against our courts and our constitutions. This advocacy of lawlessness and ruin can not endure. The sound citizenship of our country will manifest itself and the vicious agitation must soon disappear."

"It is the duty of all loyal Americans to denounce the promotion of anarchistic doctrine and to assert themselves in support of the laws that guarantee peaceful pursuit and safety of the people and their liberties. The great bulwark is our Federal Constitution and we must ever promote a regard for it and a realization of its beneficence."

"I, therefore, suggest that September 17 be observed as Constitution Day, that proper exercises be held in the public schools throughout the State and that citizens everywhere give time for thought and reflection on the significance of the occasion when our courageous forefathers, under the inspiration of God, gave to our country and to humanity this greatest instrument of free government ever created by hand of man."

**SAYS INDEPENDENTS NEED NO PROTECTION.**

PHILADELPHIA PACKER TELLS SENATE COMMITTEE "LEAVE US ALONE"

(BY A. P. NIGHT WIRE.)

WASHINGTON, Sept. 8.—Independent meat packers of the country can protect themselves from the "big five" packing companies without the aid of the Kenyon and Kendrick bills, the Senate Agriculture Committee was told today by John J. Fein, representing the independent concerns of Philadelphia.

"We are able to take care of ourselves," said Fein. "Leave us alone. We've had our troubles during the last two years with the license system and we do not want any more of it."

Fein denied the statement of Federal Trade Commissioner Colver before the committee that the smaller packers existed "at sufferance" of the larger concerns.

Dr. J. M. Wilson, president of the Wyoming Wool Growers' Association, another witness, was almost as severe in his criticisms of the Trade Commission.

"Their report was the basis for these bills," he said, "and I'd like you to know that throughout the West there are a great many rumors to the effect that the board wasn't fair. Certainly, if the evidence you have secured so far in this hearing is to be credited, their report was wrong."

Dr. Wilson, during a discussion with Senator Kendrick, Democrat, also of Wyoming, said he had no objections as a stock raiser to packers owning stockyards, but deprecated attempts to take refrigerator cars from the "big five."

"Why the Federal Trade Commission's report itself shows that it is better to allow them to operate refrigerator cars than to turn the cars over to anyone else," he added. "They are more mileage than others can get out of the cars."

Chairman Gronna said today the committee hearings would probably be recessed within two or three days, but would be resumed later.

**ENTIRE FLEET WILL ASSEMBLE AT TACOMA.**

(BY A. P. NIGHT WIRE.)

ABOARD U. S. S. NEW MEXICO, Sept. 8.—The entire Pacific Fleet will assemble at Tacoma September 15, where it will be reviewed by Secretary of the Navy Daniels. Admiral Hugh Rodman announced today through Capt. N. C. Twining, his Chief of Staff.

**REPORT TREATY WEDNESDAY.**  
Report Brief, Discussion Starts Monday.  
Senator Simmons, Democrat of North Carolina, announced today that while he favored ratification of the treaty without amendment or reservation, he was convinced that concessions must be made to those favoring reservations and that he had been discussing with Democrats a "compromise" on conservative reservations of an interpretative character.  
Senator Simmons, prominent in Democratic leadership, read a formal statement of his position.  
**AGREES WITH PRESIDENT.**  
"I am in favor of and will gladly vote for the treaty and the league covenant as it was originally presented by the President, without amendment or reservation," said he. "I agree with the President that it contains nothing that would jeopardize American interests. It should be ratified without further delay."  
But after a study of the situation, he said, he was convinced that some concessions in the consideration of reservations must be made.  
Senator Simmons attacked the Shantung provision and took issue with the President's statement that the cost of living was being affected by delay in ratifying the treaty.  
**Stockyard Men Submit Demands.**  
[BY A. P. NIGHT WIRE.]  
CHICAGO, Sept. 8.—Representatives of ten unions of stockyard employees submitted to Federal Judge Samuel A. Lechler, arbitrator, today demands for wage increases ranging from 25 to 50 per cent. over the scale awarded February 15, 1919.  
**DEFI IS HURLED AT UNION LABOR**  
Policy of Broken Faith is Assailed in Speech.  
Chicago Business Men Tells of National Peril.  
"Our Country First" Conference Sees Duty.  
[EXCLUSIVE DISPATCH.]  
CHICAGO, Sept. 8.—War upon all forces which are hampering the resumption of productive enterprise in this country was declared today in no mincing fashion by Harry H. Merrick, president of the Chicago Association of Commerce and the Mississippi Valley in a speech before the Our Country First Conference called by the Illinois Manufacturers' Association at the Congress Hotel.  
Mr. Merrick had just come out of an all-night session of the resolutions committee and his speech was regarded as sounding the keynote of the conference—reflecting the beliefs and opinions of the business men of Illinois and thirty-five other States which are represented here. Throughout the address Mr. Merrick was interrupted scores of times by hundreds of applause—especially when he hurled down the gauntlet before organized labor and defied it to continue the policy of breaking its agreements with the employers.  
**ATTACKS LICENSE PLAN.**  
The speaker became especially bitter in his allusions to the "Utopian dreams" of the "gentlemen down there in Washington." His indictment of the Federal Trade Commission was a merciless thing. His criticism of the suggested licensing plan was so savage that the delegates arose to their feet and shouted aloud their approval.  
Merrick referred more than once in the hottest terms to the Chicago Building Trades tie-up, finally demanding: "Will we stand for that sort of thing?"  
"No," roared his hearers, breaking forth in another wild demonstration.  
"Then, by God, let's get busy," Merrick opened with a reference to the splendid opportunity that now lies open to American business. He described this country as the "storehouse of the world." With other nations weakened by four years of war the United States is immeasurably superior in economic strength.  
**IDLENESS AND TALK.**  
"Today in the face of all that," he declared, "men babble among themselves. The high cost of living is the problem. There is talk of more wages and less hours. Less production and less effort. Those are the things that men say they want today, in the face of this wonderful strength of ours. They say at a time when the world needs everything that it is the time to stop and idle and turn themselves into a debating society on every street corner from every soap box. This is the time, men say today, to reduce the working day from ten hours to eight hours and from eight to six hours and from six to four hours."  
"I believe that every one of you knows, without any thought from me, that that is the only problem that we must of necessity, through public sentiment, impress upon so-called labor, which today, is ready to profiteer campaign, a report on the recent conference the Attorney General held with States Governors in which it is urged that each State form a fair-price commission and that each community form a fair-price committee."  
**MILWAUKEE.**  
[EXCLUSIVE DISPATCH.]  
MILWAUKEE, Sept. 8.—Socialist Sheriff Buche unleashed his tongue and made a few remarks at a Socialist picnic. Overseas men took exception and soon the Sheriff was the center of a fight. He lost his coat tails in the scuffle.  
Alderman Koerner will introduce a resolution at the next meeting of the Common Council congratulating Gen. Pershing on his work abroad and inviting him to visit Milwaukee.  
Milwaukee is sweltering. The temperature today reached 92, almost a record for September.  
Former Alderman George Lonstorf, well known in mining circles, died at his home on Lac La Belle, Oconomowoc, of heart trouble.  
**DETROIT.**  
[EXCLUSIVE DISPATCH.]  
DETROIT, Sept. 8.—Bandits today clubbed Fred Bueys, cashier of the Erie Bank at Erie, Mich., and got away in an automobile with \$12,000.  
Indications on the first day are that the total enrollment in Detroit schools will reach 120,000. This is 25,000 more than in 1918.  
Police under Inspector McLellan today wrecked the "old Berlin" bar at 173 Michigan avenue. The proprietor, Reinhold Gohy, is alleged to have sold liquor to policemen in plain clothes.  
Mrs. Dolly Anton of Milford is dead from injuries received when the automobile in which she and her daughter Elizabeth were riding turned over.  
Hammond Hartmann and F. B. McRay were killed by falling from a scaffold at the Ford bath furnace today.  
Harry L. Hoke, 21, broke his neck and died instantly when he dived in shallow water at the head of Belle Isle.  
**ST. PAUL.**  
[EXCLUSIVE DISPATCH.]  
ST. PAUL, Sept. 8.—Fourteen nation-repellers and banders were arrested today by Federal authorities on charges of violating the prohibition act.  
The Minnesota Legislature today by an overwhelming vote, in both houses, ratified the suffrage amendment.  
Mrs. Margaret Edith Butler, 27 years old, today filed suit for divorce from John Edward Butler, son of Walter, a well-known contractor. She charges desertion.  
Two St. Paul residents killed themselves last night as a result of long continued ill health. It is believed. Miss Helena A. Spetzman, 35, a school-teacher for many years, was found hanging in the closet of her bedroom. O. Frank Bailey, 48, member of the St. Paul Athletic Club, was found in his room with a self-inflicted bullet wound through his brain.  
**KANSAS CITY.**  
[EXCLUSIVE DISPATCH.]  
KANSAS CITY, Sept. 8.—A verdict of \$994,026 was returned today by a jury in the Circuit Court against property owners of the inter-city viaduct benefit district. That amount will be paid to the city by property owners in return for benefits bestowed by the viaduct.  
The Rahe Motor Car School today acquired additional ground adjoining the school at Gileham road and Twenty-second street and will erect a seven-story dormitory for motor car students.  
Judge Fleming today fined Rev. David Ball, pastor of the Pentecostal Church of the Nazarenes, \$500 for whipping his son, Judge Fleming, in passing sentence called the pastor an unnatural father and said he was sorry the whipping post was abolished.  
**REHABILITATION OF SOLDIERS INCREASES.**  
THOUSANDS OF WOUNDED MEN ENROLLED AT OPENING OF COLLEGE YEAR.  
[BY A. P. CORRESPONDENT.]  
WASHINGTON, Aug. 28.—Plans to more than double the number of discharged soldiers, sailors and marines receiving rehabilitation training were announced today by the Federal Board of Vocational Education. The increase will be made at the opening of schools and colleges. More than 7000 men now are receiving training.  
"There have been delays in carrying out the work of vocational rehabilitation," said the board's statement, "but most of them have been due to causes which were beyond the control of the board and which it has made unceasing effort to remove."  
"Nearly six months elapsed after the passage of the Rehabilitation Act before the agents of the Federal board were able to take military and naval hospitals. This exclusion was a necessary war measure; but during this period, as well as during the four months which elapsed between our entering the war and June 27, 1918, when the act became law, thousands of disabled men were discharged and were scattered all over the United States without any knowledge of their rights under the law. Altogether, more than a year and a half of precious time was lost."  
"Under the terms of the Rehabilitation Act the Federal board could put no disabled man in training until after he was declared compensable by the War Risk Insurance Bureau. The amendment curing this difficulty and allowing prompt action by the Federal board did not become law till July 1, 1919."  
"The board has made excellent progress, for on August 1, it had established contact with 130,000 of the 160,000 men registered, had surveyed nearly 100,000 and had approved over 12,000 cases for training and had put 1132 in training."  
"Those men, as of July 26, were in 448 public and private secondary schools, in 152 institutions of college grade and in 362 industrial and other plants. They are being trained in 1361 different lines of activity and, by utilizing existing means of training rather than creating new schools for rehabilitation, the men are being better trained and millions of dollars have been saved to the United States. Since legislation giving the board a free hand did not pass until July, when most schools and colleges are closed, the full measure of training activity can be reached until the latter part of September. At that time the present number in training will be much more than doubled."

**FITZGERALD**  
Home of the Ampico

**Think of What \$775 Will Do!**  
—this very small price—the price of an ordinary player piano—will secure for you the "miracle piano," the more-than-human AMPICO—the AMPICO which has stirred the entire musical world to wonderment.  
—\$775 will secure this marvelous AMPICO in combination with a piano that is universally celebrated for its sweetness of tone and its high artistic quality.  
Act now—while you have this remarkable opportunity to secure a genuine

**AMPICO FRANKLIN**  
for only \$775—on terms

Come in at once and hear the "miracle piano" demonstrated—investigate it thoroughly—and then decide whether or not you can afford to even consider any other make of instrument. Let us tell you why the AMPICO is the only real REPRODUCING PIANO in the world, and prove to you that the AMPICO alone can reproduce tone color, unlimited degrees of intensity and the true spirit of a pianist's art. In addition to operating the Ampico as a Reproducing Piano, you may play it by hand or like a player.

**Fitzgerald Music Co.**  
Hill St. at 727-729

The Ampico may be secured in the "KNABE"—The World's Best Piano—in the original HAINES BROS. PIANO—and in the sweet toned FRANKLIN. Prices range from \$775 up for uprights, and from \$1000 to \$3500 for grands. Terms.

**There's a big difference between POST TOASTIES and ordinary corn flakes**  
says Bobby

Crisper. Thicker. Richer flakes full of food value, and economical.

**Let's Sober Up**  
As a reaction from the strain, restraint and limitations of the war period and as a result of the chaotic conditions brought about by the war there is something akin to recklessness apparent in some activities and expenditures of the people.  
Because many old guide posts and former standards of reckoning have been knocked down or wiped out, people have not known so well how to judge or measure their actions.  
We have lost our anchor and must find new moorings. Production is the first material thing needed in all countries at this time for the good of all of us.  
The way to meet the things that are bothering us most is to sober up and go to work, remembering that wise economy, conservation of resources and accumulation of surplus are just as essential as they ever were.  
Conditions change and become better as unfolding progress brings a more just and rightous adjustment of all things but fundamental laws of economy remain the same and we can ignore them only at our peril.  
Every hour of work is needed for our own and the general welfare, so let's work, be sure that every dollar is well and wisely used, accumulate a surplus regularly without fail, and we shall soon be on solid ground again with such real opportunities as we never knew before.

**WIFE ACCIDENTALLY KILLED BY HUSBAND.**  
[BY A. P. NIGHT WIRE.]  
BAKERSFIELD, Sept. 8.—Mrs. Frank Batty was accidentally shot and killed yesterday afternoon by her husband, who was cleaning a shotgun with which his son had been out hunting in the morning. Thinking the gun was not loaded, he was having apparently ejected all the shells. Batty was sighting along the barrel when the gun was discharged. Mrs. Batty, who had just finished washing the dishes and had stepped from the dining-room to the rear door to get the mop, fell lifeless, never uttering a word.  
She is survived by three sons, one of whom had just returned from the navy, and one residing in England. Batty, who is a prominent business man, is Exalted Ruler of the Bakersfield Elks Lodge.

## MOROSCO ISN'T EASILY FOUND.

Still Unserved with Papers in His Wife's Suit.

Not Eviding Anybody, States His Local Attorney.

At Same Time is Winner in the Appellate Court.

Unserving efforts were made yesterday to find Oliver Morosco Mitchell, better known as Oliver Morosco, the theatrical manager, to serve him with a summons in the separate maintenance suit recently filed by his wife, Mrs. Annie T. Mitchell, who asks that she be awarded \$500 a month for herself and their son, Walter, and division of the community property, valued at more than \$200,000. Mr. Morosco had not been found late last night, though counsel for Mrs. Morosco said he believed that if Mr. Morosco was not already in Los Angeles, he would be here in a few days.

While process servers were vainly trying to reach the manager, he won a judgment in the Appellate Court, reversing a suit of Herbert Stanger, the actor, for alleged breach of a contract of employment.

Attorney J. J. Scarborough, counsel for Mr. Morosco in this city, said yesterday: "Mr. Morosco is a busy man, and as he is attending to his interests in New York, Chicago, Pittsburgh and other cities, he is not instantly located. He is not evading service. I have not heard from him since the filing of the suit, but have notified him of the action taken. The suit, I may say, comes as a complete surprise to me. It is not one of those cases where the parties are associated with Mr. Morosco here in Los Angeles. The facts alleged in the bill, I am sure, have no basis in fact and will be answered in due time."

Mrs. Morosco sets forth in her suit that she believes her husband is now on his way to Los Angeles to "influence" her by threats and intimidation, and otherwise, to institute an action against her for divorce so that he may be free to marry Belma Paley.

Belma Paley, the young woman named by Mrs. Morosco, is a Los Angeles girl who first became known on the stage in small parts, as a member of the Belasco Theater stock company, later appearing in the leading role of "Madame Sherry" in Morosco's Burbank Theater, July 29, 1913. She played in the part in the East and later appeared for an extended engagement in "So Long Letty." During her seasons at the Burbank and the Belasco, she appeared in "The Quaker Girl," "The Third Degree," "Brewster," "The Governor's Lady" and other plays.

The filing of the suit brings to light the fact that Mrs. Morosco, who is in fact, Oliver Morosco Mitchell, though the name Oliver Morosco, which is the name of the manager in business, has of recent years been entirely used by him and his wife and son instead of Mitchell.

The Moroscos at the Burbank Theater, December 15, 1917, and lived together, the wife's complaint states, twenty-one years and more.

At the same time, Mrs. Morosco has spent much time in New York, where he makes his theatrical headquarters, though he continues to originate all his productions in Los Angeles.

Division No. 1, of the District Court of Appeal yesterday affirmed the judgment rendered by Superior Judge Wilbur in favor of the defendant in the suit brought by Mrs. Standing, now engaged in local motion picture work, against Mr. Morosco, to enforce a contract. In the suit, Mrs. Standing, though standing, now engaged in local motion picture work, against Mr. Morosco, to enforce a contract. In the suit, Mrs. Standing, though standing, now engaged in local motion picture work, against Mr. Morosco, to enforce a contract.

The court held that no showing had been made that Mr. Standing suffered any loss by coming from New York to Los Angeles, and that no great personal inconvenience can be presumed to have resulted in fact from the change of residence from New York to Los Angeles might have been an agreeable one.

**SEWER-PIPE PROBLEM IS STILL UNSETTLED.**

COUNCIL MAKES NO DECISION ON KIND TO BE USED IN GULF AVENUE AREA.

The City Council yesterday again deferred the Gulf-avenue sewer district and postponed action until tomorrow. The particular point under consideration was whether clay pipe or cement pipe shall be designated for this work, representatives of both interests presenting their claims.

The report of the City Engineer showed there are 143,197 feet of pipe in the district, and a majority petition for either material would require 1,577,813 square feet, and that the petition for clay pipe contained signatures representing 76,218,520 square feet while that for cement pipe represented 8,114,422 square feet.

In the discussion that followed it developed that the sewer district covers from 1250 to 1550 acres, most of which bears a merely nominal assessment, while the district actually to be served by the sewer is to pay an assessment of \$1.91 per square foot.

Representatives of the cement pipe interests said the large acreage subject only to the nominal assessment had been secured on the clay pipe petition. It also developed that the offer of the clay-pipe bidder was in irregular form and not properly signed, and the City Engineer was instructed to find out if they would make a proper bid on the same basis as the figures already submitted.

## TUNNEL WAR IN FINAL STAGES.

Second-Street Issue up in the Supreme Court Today.

Saville Annexation, Harbor Bonds Also to Fore.

City Attorney Tells Status of Broadway Opening.

City Attorney Burnell left last night for San Francisco, to appear today before the California Supreme Court in the matters of the legality of the Saville annexation, the attack on the legality of the harbor improvement bonds and the second-street tunnel.

The power of the city to construct a traffic tunnel under the 1913 improvement act is the point at issue in the last suit. The plaintiff, John Hays, contends that under a decision in the case of the Civic Center Association vs. the State Railroad Commission, the city has no power to construct improvements by virtue of the general improvement laws, but must, by ordinance, adopt its own procedure for the consolidation of the various suits and appeals now pending in the Superior, Supreme and Federal courts involving the validity of the proceedings for the opening of Broadway.

The effect of all of this is to finally end the long years of litigation over the opening of Broadway, and it is a source of great gratification to be able to take part in the closing up of this case, to which I devoted so many years, and in the settlement of which I tried so many lawsuits during my incumbency as Assistant City Attorney.

**SHE ESCAPES TRIAL.**

Woman Freed of Theft Charge; Goes Home to Idaho.

Mrs. Lillian Miller, held for trial in the Superior Court on a charge of stealing an automobile, was released yesterday by Judge Craig, who granted a writ of habeas corpus on the ground that there was not sufficient evidence to connect her with the charges. One of the conditions imposed by the court in releasing her was that she leave for her home at Twin Falls, Idaho, immediately. She departed last night, and was met by her daughter, of J. B. Eaton, owner of a number of flour mills in Idaho.

Mrs. Miller was arrested in company with Alfred Killebrew, Frank Fratella and Harry Schirmer, charged with stealing an automobile owned by Mrs. Miller, and stripping the car. Schirmer, it was learned yesterday, escaped from Civil Service Commissioner Burger's custody, and is now in the hands of S. S. Hahn was attorney for Mrs. Miller.

**PROBATION FOR LADS.**

Considering History Court Thinks Boys Might Have Erred Sooner.

"These young men have done rather well so far in living the life they have so long and not getting into trouble sooner. I think I can well give them another chance by probation," said Judge Craig yesterday in granting probation to the boys of the Eaton family, who were charged with stealing an automobile owned by Mrs. Miller, and stripping the car. Schirmer, it was learned yesterday, escaped from Civil Service Commissioner Burger's custody, and is now in the hands of S. S. Hahn was attorney for Mrs. Miller.

**GENTLE MURDER NOT BLACKHANDERS' WORK.**

POLICE SO DECIDE AS THEY FIND SHOTGUN; COUPLE HAD QUARREL, IT SAID.

A sixteen-gauge shotgun discovered by Police Detectives Bean and Hurt in the home of Frank Gentile, 623 Mission street, who was slain early Sunday night with a shotgun while he slept on a couch in the front room of his home, it said by the officers to establish beyond a doubt that the Italian blackhanders known to be in this city had no part in the killing. Mrs. Maggie Gentile, the dead man's widow, is being held by the police in the City Jail and is charged with suspicion of murder. Yesterday she refused to make any statement to the arresting officers.

According to Detectives Bean and Hurt, the shotgun was discovered in the house hidden away in a closet. The weapon, they state, had been fired, as burned powder was discovered in both barrels. A number of sixteen-gauge shotgun shells were also discovered by the police. From the fact that the shotgun was discovered in the house hidden away in a closet, the police state, had been fired, as burned powder was discovered in both barrels. A number of sixteen-gauge shotgun shells were also discovered by the police.

Threats, the police state, had been made and may have led up to the shooting. With Mrs. Gentile, the police, Sunday, took into custody Rocco Virgilio, a roofer in the Gentile home. Virgilio was questioned by the police, yesterday, and according to a statement will be secured from Mrs. Gentile today and efforts will be made by the police to trace the whereabouts of the shotgun.

Gentile, according to Detectives Bean and Hurt, was shot from a distance of about eight feet. There was no powder burns on his face. The shot entered his head and blew out the back of his skull. He was shot from behind. Balantieri, an 8-year-old son, according to the police, was in the house at the time of the shooting. He is being held at Juvenile Hall by the authorities, but up to a late hour last night no statement had been obtained by the police from the boy.

**HEADS WESTERN UNION HERE.**

E. C. Vanderbilt, who has been acting district commercial superintendent of the third district, Pacific division, of the Western Union Telegraph Company, has been made district superintendent, according to a notice received yesterday from M. T. Cook, general manager of the Pacific division. The headquarters of the third district of the company at Los Angeles, where Mr. Vanderbilt now has his office.

**ROAD BIDS OPENED.**

For City's Portion of West Coast Boulevard.

Bids for the construction of the city's portion of the Coast boulevard—through the West Coast addition—were opened by the Board of Public Works yesterday. This bit of road is to connect two sections of the highway already constructed by the county, and extends through the sand hills at El Segundo.

Six bids were submitted, ranging from \$11,200 to \$12,200. The bids were sent to the City Engineer for checking on the various items to determine which is the best offer. It is proposed to build this road with money from the general funds of the city.

## TWO LEAP TO LIBERTY FROM A MOVING TRAIN.

SHERIFF CLINE LEARNS OF ESCAPE OF YOUTHS EN ROUTE TO IONE.

While C. R. Burger, County Civil Service Commissioner, waited outside a compartment of a Southern Pacific train as it slowed up at Merced Saturday night according to word received yesterday at the Sheriff's office, Henry Garcia and Harry Schirmer, two of three youths who had escaped from the train, returned two had fled, and the train had passed on several miles.

The commission stopped at Merced and placed the other youth, Harry Hanson, in jail there, began a search for the two escapees. "Apparently the youths were not put under iron," said Sheriff Cline yesterday. "I had issued orders that only boys A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z, should be released from the train, especially young men, as they are more agile, and more likely to try to get away."

Schirmer was convicted of grand larceny and was committed to Ione until he could be placed in the county jail. He was released yesterday, and Henry Garcia was being released to the institution for violating his parole.

**DOCTOR BREAKS LEG AND ALMOST DROWNS.**

Details of the narrow escape of Dr. M. L. Moore, prominent local physician, from drowning while fishing in a Montana lake recently, was related yesterday. Dr. Moore broke his leg when he slipped off a stone on the water's edge, and when found some time later by friends had only his head and shoulders above the water.

He was accompanied by Dr. Granville MacGowan, Burton Green and Luther Green, who were with him at his home, 340 Kingsley drive.

## TOOK ILL-TIMED PEEP FROM CAR.

In Near Accident, Conductor was Too Curious.

Aggrieved Man Spots Him and Now He's in Jail.

Said He Swindled Many Here and Fled to Mexico.

A near street car accident, Sunday afternoon, yesterday brought to a close a chase which began four years ago and extended from this city to the Mexican line, and resulted in the arrest of W. L. Swaine, 35 years of age, a street car conductor, on a charge of embezzlement. Frank J. Madonia, of 605 East Washington street, who swore to the complaint against Swaine four years ago, recognized the conductor, who thrust his head out of a Pacific Electric Newport Beach train Sunday afternoon, after it had almost crashed into a San Pedro train, as the man for whom he had been searching for four years. Yesterday he called at Central Police Station, secured the arrest of Swaine, and placed Swaine under arrest when he appeared at the Pacific Electric station to go to work.

According to the police, Swaine promoted a small paper known as the Shopper in this city about four years ago. The paper, the authorities alleged, only appeared once and then ceased publication. Later Swaine is alleged to have planned a shop give picnic and sold a number of tickets for 50 cents each. Following the picnic Swaine was to have met Frank Madonia and J. B. Severance, who were in his employ, and pay them their back wages as well as a deposit which they had secured a position. He never kept the appointment, according to the police, but fled to Mexico. Madonia followed his trail to the Mexican line, but was unable to overtake him. He is alleged to have secured about \$1000 through his operations.

According to Madonia he never returned.

## MONEY TO COLLEGE.

Pomona and Dartmouth Get Requests in Brainerd Will.

Pomona College and Dartmouth College of Hanover, N. H., will benefit from the estate of the late Mrs. Fannie H. Brainerd, who was a well-known club woman of this city and wife of Dr. Henry G. Brainerd. Her will was filed for probate yesterday.

Mrs. Brainerd died in this city August 28, leaving an estate which is estimated to be in the will to be in excess of \$30,000.

The Security Trust and Savings Bank is trustee of a fund of \$40,000, the net income of which is to go to Henry Howard Brainerd, a son, during his life time. Upon his death the trust fund will be divided between Pomona and Dartmouth colleges.

Dr. Brainerd, the widow, is left \$5000 and the residue of the estate will go to Fred L. Brainerd, a son.

**LEAVES FOR TOKIO.**

Aged Woman Hurriedly Takes Long Trip to Reach Daughter.

Mrs. Bridget Dore, of 1710 West First street, left yesterday for San Francisco, on her way to Tokio, Japan, where her daughter, who has been a missionary in the Orient for many years is critically ill. Mrs. Dore is seventy years of age.

A cablegram from the American Consulate in Tokio informed Mrs. Dore of the dangerous illness of her daughter, and Chief Deputy Clerk R. A. Zimmerman of the United States court was appealed to hurry the necessary passport. He communicated with Washington by wire, and a special passport was issued to Mrs. Dore.

You know seven arts. In "Broken Blossoms" you will see the eighth. Coming. Clouse Auditorium. (Admission Free.)

MEXICANS SLAY CHICAGOAN

H. S. McGill Ambushed, Body Thrown into River; Report Villa Defeat.

(BY A. P. NIGHT WIRE.) WASHINGTON, Sept. 8.—Herbert S. McGill, an American citizen, was killed by Mexicans at Coapa, in the State of Chiapas, August 30, according to advices received today by the State Department. Representations have been made to the Mexican government and instructions issued for an immediate and careful inquiry into the facts of McGill's death.

McGill, riding horseback, was attacked from ambush. He was shot from his horse, beaten to death and his body thrown into the Coapa River.

McGill was the son of James K. McGill of Chicago. FATHER IS NOTIFIED. (EXCLUSIVE DISPATCH.) CHICAGO, Sept. 8.—News of the murder of Herbert S. McGill by Mexican bandits reached his father, James J. McGill, 321 North Lockwood avenue, today. Mr. McGill immediately wired friends in Mexico, asking for a complete report.

A cable was received telling him that McGill had been killed in the Coapa River house in Coapa, at 10 o'clock in the afternoon to measure a block of timber a mile away. His friends did not notice his coming to Coapa, as he was in the habit of visiting neighbors.

Two days after, with no word from him, a searching party was organized. His body was found in the river with a bullet wound in the leg, his face badly bruised and marks on the neck. The body was interred at the plantation.

McGill left Chicago nine years ago to become superintendent of a banana grove's company plantation on the Coahuila River and Tehuantepec Railroad. Through the revolutionary troubles in the south he remained by his post, and recently, when the family was forced to leave, he chose to remain behind and continue his work on the plantation.

McGill was a man of quietude and peace, and was not looking for revenge, but for justice, and, if possible, punishment of the guilty parties. He had himself a pioneer in Mexican development, said today.

The murder of McGill is but another case of a people not understanding the civilization we are trying to bring to the world. To understand the question properly you've got to go back to the ancestry of the Indian, who is a pure descendant of the Mayan race, the people of Asia. His ancestors came over in their outrigger boats. They were nomads and they lived a nomadic life. When the north to this continent, from the north to the south, they found a dinner table set for them. They preferred the hunt to agriculture.

The Mexican is still as pure an Indian as you can find anywhere on our reservations. They are today living in the tribal state as much as ever. The American character is still there—their work is the same. They are identical with the Chinese.

And, like the Chinese, the reason that we can not utilize the Indian in the white man's work is that he is unable to carry the load. It is a matter of mental development. He prefers the open life of his fathers—we call it banditry—to the agricultural and mechanical pursuits which we are trying to foist on him.

The population of Mexico is 90 per cent Indian. About 10 per cent are Mexican, and the rest are white, negro and Indian blood. And the Mexicans are the ones who are running the country.

These murders, of which my son is one victim, are simply the protest of the Indian against the encroachment of foreign civilization. They will continue until a superior race takes possession of the entire country.

"It has taken hundreds of thousands of years to develop our government—it dates back to biblical times and before, and it has been developed a brick at a time, wherever the white race colonized. To expect a like government from any Indian on the American continent is a mistake."

Poslam Wants To Help Your Broken-Out Skin

## PASADENA TO HAVE FOOD SALE

**From City Offers Government Bacon to Citizens.**

**Presents Valuable Photographs to Library.**

**School Middle Announced as Thing of the Past.**

**Local Correspondence.**

PASADENA, Sept. 1.—Pasadena's first municipal sale of government food stores will take place Wednesday, when Chairman A. L. Hamilton of the City Commission will conduct the sale of 10,000 pounds of War Department bacon.

City trucks will be sent to Los Angeles tomorrow to get the bacon. Details of the sale will be announced tomorrow by the City Commission. The Parent-Teacher Association of the city have provided assistance of many members in conducting the sale.

**HERBERT GETS PHOTOGRAPHS.**  
Herbert Getts, for 24 years of

social photographer of the Boston Museum, who has come to Pasadena to make his home, has presented to the Pasadena Public Library 1000 valuable photographs of the historic and natural treasures in the Boston Museum. Henceforth to see what is in the Boston Museum Pasadena people have only to visit their own library. The gift was announced today by the new librarian, Miss Jeanette M. Drake, formerly of the Los Angeles Public Library.

**SCHOOL WRANGLE SETTLED.**  
Members of the Pasadena school board definitely announced today that the board will make no appeal from the decision of the Appellate Court, upholding the election of John Franklin West as superintendent. The incident growing out of the present board's refusal to recognize the election of Mr. West by the outgoing board is now closed and the board has announced itself ready to work in perfect harmony with Mr. West.

Dr. Jeremiah M. Rhodes, whose term as superintendent expired this year and over whose re-election the recent school war was, is now definitely out. Dr. Rhodes said today he had no comment to make on the court decision and would not discuss his future plans. Superintendent West returned today from his former home in San Diego, where he spent the week-end. He announced himself gratified by the decision.

**COMMUNITY UNIT.**  
Construction of the first building of a community center unit at Pasadena High School will begin in De-

cember, when the weather will be more favorable for cement building. It was announced at the school board offices here today. The first building will house the school cafeteria and lockers and will be connected by overhead passageways with the Horace Mann Building of the High School group. Eventually an entire group of buildings, comprising the community unit, will be centered about the High School swimming pool. The present music building will be moved back to conform to the group plan. Following the building of the cafeteria, a gymnasium will be built, to be devoted to public as well as school uses.

**HEARING ENDS WEDNESDAY.**  
It is believed that the hearings conducted by the City Commission into the public letter signed "Pasadena Firemen," which alleged that the Commission had offered the firemen another raise in wages, will be closed today. The firemen's union, which is now in a state of confusion, is expected to be closed today. The firemen's union, which is now in a state of confusion, is expected to be closed today.

**NAZARENE COLLEGE OPENS.**  
Pasadena University, the college of the Nazarene denomination, situated in North Pasadena, opened for the fall term today. There was a

good enrollment the first day and more expected during the week.

**Draperies made and hung to order; big new stock to choose from. Pasadena. Furniture Company—(Advertisement.)**

**The Distinction.**  
"Cholly says he can't make any impression on the musical show people."

"I guess those ponies must have horse sense."—(Baltimore American.)

## "KISSED AND MADE UP."

**Parents of Million-Dollar Baby Forget and Forgive Past Troubles.**

**(EXCLUSIVE DISPATCH.)**

SAN BERNARDINO, Sept. 1.—Complete reconciliation of the parents of the million-dollar baby, John Ashton Hickman, aged 5 years, was effected today before the case of the mother, Mrs. Orphelia Wilbert Hickman of Plaquemine, La., demanding custody of the child, got into court.

The father, Ashton M. Hickman, was successful in obtaining an interview with her, following the dramatic reunion of the mother and son after a separation of six months, and in the language of the attorney, they "kissed and made up," and hid away with the child for an outing at Catalina.

Proceedings which were instituted by Mrs. Hickman, had not been completed and that there was no legal entanglements preventing them restoring the family circle to its former status. Mrs. Hickman is the daughter of John Wilbert, wealthy sugar plantation owner of the parish of Iberville in Louisiana, who once declared that the Wilbert millions would be put back of the search for the father, who had taken the boy and gone away.

Hickman and the boy were traced by detectives to Bear Valley, where they were detained under warrants issued at the instance of Mrs. Hickman.

**CAR SHORTAGE DUE TO IMMENSE CROP.**  
LOCAL CORRESPONDENCE.  
DINUBA, Sept. 1.—Officials of the Santa Fe and Southern Pacific railroads declare unfounded the charge in telegrams sent to the Railroad Administration that present shortage of cars for handling the San Joaquin Valley fruit crops is due to faulty railroad management on the Pacific Coast.

Railroad executives declare the shortage is due to the enormous crop—thousands of cars in excess of any previous year, and the failure of the eastern railroads to make prompt return of empties. According to their statement the facilities placed at the disposal of the shippers this year have been much greater in extent than in any previous shipping season.

It is stated, however, that all surplus stocks of reefers in all parts of the country are being routed to the San Joaquin Valley and that the present stringency will continue but a few days.

**NEW RAIL ROUTE.**  
LOCAL CORRESPONDENCE.  
Los Angeles Company Accepts Big Contract.

PORTERVILLE, Sept. 1.—Contracts have been signed with the Sharp-Fellows Construction Company, of Los Angeles, for building the new Santa Fe railroad line from Porterville south through the new Terra Bella orchard district, to the Duero. Material is to be assembled at once, the contract calling for the completion of the line ready for traffic not later than January 1, 1920. Tom Gannon, the general manager of the contracting company, is here to take charge of the preliminary work.

Completion of this line means that by the first of the coming year transcontinental trains of the Santa Fe will be routed by way of Porterville and a new outlet to the south will be provided for fruit crops.

**MAKES SETTLEMENT.**  
LOCAL CORRESPONDENCE.  
TULARE, Sept. 1.—Joe Borne, a stock buyer of Los Angeles, who was arrested on complaint of Portuguese cattlemen and charged with fraud, has been released from custody after settlement of disputed claims. Complainants declared Borne drove cattle from their places after paying for the animals by depositing with persons found on the ranch checks which called for amounts less than the agreed price for the cattle. Borne declared the charges a "hold up," but said the amount in dispute was too small to resist in the courts.

**ARMY MAIL MAN.**  
Returned Soldier Tells How Letters Found the Fighters.

REDLANDS, Sept. 1.—Garth Church, who for two years has been a sergeant in the service of the postal department overseas, has landed in this country and will soon be home. During the time he was abroad he was charged with one big postoffice and had also charge of getting the mail up to the men in support, using a three-ton truck and two postal clerks to do the work. The letters he has written of the exceptional efforts made to keep the boys in touch with home through prompt delivery of the mail have been interesting.

**CINEMA STRIKE FAILS TO AFFECT PORTLAND.**  
PORTLAND, Sept. 1.—Forty musicians, hit posters, engineers and operators employed in thirteen motion picture theaters in Portland, who struck yesterday, remained out today and were replaced by a double shift of non-union workers by the theater managers, according to J. J. Jensen, general manager of Jensen and Von Herberg, which controls a majority of the theaters. Affected theaters operated as usual today, according to Mr. Jensen.

That all Portland labor may be used in making effective the strike is the latest ultimatum of Harry Anderson, president of the Central Labor Council, to whom the Musicians' Mutual Association has referred its case.

It was hoped that a solution of the problem may be reached tonight at a meeting between the executive boards of the Theatrical Federation and the Central Labor Council.

**PRINCE OF WALES IS SPONSOR AT LAUNCHING.**  
PORT ARTHUR (Ont.) Sept. 1.—The Prince of Wales, now touring Canada, was sponsor at the launching here today of the Canadian steamer Adventurer, a freighter built for the Canadian government.

Several medals were presented to war heroes by the Prince.

**WATER PLANT OVERVALUED.**  
SAN FRANCISCO, Sept. 1.—The West San Joaquin Water Company overvalued its plant in Los Banos, San Joaquin county, to the extent of \$10,000 in negotiations to sell it to that municipality, the State Railroad Commission held here today. The commission acting for the city, placed a value of \$30,000 on the plant. The company's valuation had been \$40,000.

**TELEPHONE COMPANY ASKS FOR RATE RISE.**  
LOCAL CORRESPONDENCE.  
LINCOLN, Sept. 1.—Last of the independent telephone companies of Lincoln county to succumb to rising costs of material and labor, the Lindsay Home Telephone and Telegraph Company, has applied to the State Railroad Commission for authority to increase rates. The financial statement of the last year, shows net profits of \$1024, indicating the necessity for an increase in rates.

The new schedule will add 50 cents to 75 cents per month to business phone rental and 50 cents to residential phones. Farmer line rentals will be increased from \$1.30 to \$1.50 per year.

**FRENCH TRENCH RENT CANARD DISPOSED OF.**  
LOCAL CORRESPONDENCE.  
PORTERVILLE, Sept. 1.—Col. Blanton Winship, Judge Advocate-General and also head of the requisitions and claims department of the American Expeditionary Forces, finally disposed of the old story that the French people claimed rental for the ground occupied by trenches at the front in his testimony today before the committee of the American Congress investigating war expenditures.

He testified that no such claim had ever been made against the American Expeditionary Forces and that the only claims of this nature were for use of ground in the training area which was cut up and damaged in order to familiarize the men with conditions at the front.

His department, Col. Winship said, had thus far disposed of 40,000 claims, settled on about the same basis as claims against the French government. These claims include about 35,000,000 francs in rentals for property occupied as hospitals and headquarters and 50,000,000 francs for billeting of soldiers and animals.

**TO SELL STOCK.**  
Imperial Valley Company Extends Irrigation Project.

LOCAL CORRESPONDENCE.  
BRAWLEY, Sept. 1.—Imperial Water Company No. 8, has been granted permission by the State corporation commission to sell its new issue of 20,000 shares of stock, authorized last winter at the annual meeting of the company to provide for the increased acreage under cultivation within the limits of the No. 8 district.

The increased amount of stock will enable President F. L. Lusk and his associated directors to proceed with the project for the construction of the Thistle Canal, on which preliminary steps have already been taken.

Cash sales of stock will be made at \$20 with a charge of \$25, for stock sold on deferred payments. Several hundred shares of stock from a previous issue will also be placed on the market.

**TO IMMENSE CROP.**  
LOCAL CORRESPONDENCE.  
DINUBA, Sept. 1.—Officials of the Santa Fe and Southern Pacific railroads declare unfounded the charge in telegrams sent to the Railroad Administration that present shortage of cars for handling the San Joaquin Valley fruit crops is due to faulty railroad management on the Pacific Coast.

## ANOTHER NEWSPAPER.

R. F. Chesbro is Editor of The Westmoreland Tribune.

WESTMORELAND, Sept. 1.—A new member has been added to the Imperial Valley newspaper family. The youngster was dropped here by stork journalism this week, and has been christened the Westmoreland Tribune. R. F. Chesbro is the editor.

The new paper will be issued from the plant of the Holtville Tribune for the present, but a purpose to establish a printing outfit here soon is announced.

In his first editorial Mr. Chesbro says: "Volume One, Number One. Nothing in the past, everything in the future. Our hopes, aspirations and ambitions are based on this Volume One, Number One. This is the rock on which we will build and may this new house of ours withstand the wind, rain and the floods, and grow only as Westmoreland prospers, prosper only as Westmoreland prospers."

## TO SELL STOCK.

Imperial Valley Company Extends Irrigation Project.

LOCAL CORRESPONDENCE.  
BRAWLEY, Sept. 1.—Imperial Water Company No. 8, has been granted permission by the State corporation commission to sell its new issue of 20,000 shares of stock, authorized last winter at the annual meeting of the company to provide for the increased acreage under cultivation within the limits of the No. 8 district.

Cash sales of stock will be made at \$20 with a charge of \$25, for stock sold on deferred payments. Several hundred shares of stock from a previous issue will also be placed on the market.

## CAR SHORTAGE.

Fruit Packers Ask Assistance of R.R. Administration.

LOCAL CORRESPONDENCE.  
DINUBA, Sept. 1.—Telegraphic appeals have been sent to Director General Hines of the Railroad Administration asking immediate relief from the present refrigerator car shortage to avert a threatened loss to the green fruit shippers of the San Joaquin Valley.

It is pointed out in the telegram that cars which formerly were in Florida and Texas, where refrigerators are lying idle, and it is added that cars which formerly were in use by the brewers could also be diverted to this coast.

Because of the scarcity of labor in all packing plants of the district the officials of the Central California Fruit Workers' Union is issuing permits for employment in the class of workers, regardless of membership in the unions.

## ARMY MAIL MAN.

## SOCIATION OF WETS TO GO INTO POLITICS.

[BY A. P. DAY WIRE.]

NEW YORK, Sept. 8.—The Association Opposed to National Prohibition last night announced that it would go into politics at the November elections. It will devote its attention to working for the elec-

of antiprohibitionists as Governors and members of State Legislatures, explaining in a statement that "Legislatures may be called upon to consider enforcement measures and Governors to sign or veto them."

## DIVORCE FIB IS ODD BOOMERANG

### Benedict's Note to Mother of Girl Kicks Back.

### "Frites He's Free from Wife; Now She Seeks Decree.

### Strange Missive Helps Her Win Alimony Order.

A remarkable letter, written by a married man to the mother of the girl he is alleged to have been courting, is to be a feature of the divorce suit of Frances A. Whitworth against Stanley V. Whitworth, which was called in Judge Hall's court yesterday in alimony proceedings. While Mrs. Whitworth was on the stand, Joseph Ford, her counsel, produced the letter and read it to the court:

"I have a letter here written by this man posing as a single man. The letter states his wife got a divorce. Now, if he has money to say for these things, he has money for the support of his wife."

Judge Hall awarded Mrs. Whitworth \$20 a month alimony, pending the trial of the case. Mr. Whitworth was in court and explained his financial condition. The mother of the girl on whose account the letter was written was also in court, angry and humiliated. She declared her intention of laying the matter before the Federal authorities.

#### THE MISSIVE.

The letter, Mr. Whitworth is said to have written is as follows:

"Dear Mrs. Weckerly,

"On January 2, in Judge Wood's court, Mrs. Whitworth was granted divorce on account of incompatibility of temperament, which case was undefended by me. Lois kindly asked me when this business was attended to to call on her which I intended to do Sunday. Of course, I mean to furnish proof of this matter to yourself and Mr. Weckerly, which I will gladly do as soon as my lawyer receives same from the court.

"Respectfully yours,

[Signed]

"STANLEY V. WHITWORTH."

The Lois mentioned in the letter is Miss Lois Weckerly, the 23-year-old daughter. Mrs. Weckerly's address on the envelope containing the letter was 3230 Woodlawn avenue, this city.

According to Mrs. Whitworth, she is employed by an insurance company and Miss Lois Weckerly, who is also an employee, became acquainted with her and in this way met Mr. Whitworth.

#### ABOUT THEIR CAR.

The family automobile, it is said, figures in the divorce case. Mrs. Whitworth says Mr. Whitworth used it in entertaining Miss Weckerly. The storm broke, it is understood, when Mrs. Whitworth learned Mr. Whitworth was a married man. She

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some faint smudges and discoloration, characteristic of old paper. The left edge of the page is bound into a dark, textured material, possibly leather or cloth, which is visible as a vertical strip on the left side. The overall tone is warm and slightly off-white.

## NEW YORK STOCK EXCHANGE

[BY A. P. NIGHT WIRE.]

NEW YORK, Sept. 3.—Stocks Petroleum enlivened the later deal-  
ings at an extreme advance of 12½  
points, most of which was held, with  
prominent strength in Pan-American  
Petroleum, Texas Company and  
Sinclair.

The deadlock in the steel situa-  
tion was again the chief deterrent.  
United States Steel fluctuated be-  
tween 50 and 51½.

## FINANCIAL AND TRADE REVIEW.

(Continued from Sixth Page.)

and recognized Old Company a record of earnings?

and sell these—

Between 102 1/2 and 104 1/2, closing at 103 5/8, unchanged, but allied shares, notably Crucible, were inclined to strengthen later, finishing mostly at gains.

Trading in rails was negligible, the moderate reaction in standing transportation becoming more apparent after publication of the Southern Pacific's July earnings, which disclosed a heavy decrease in net operating income.

Almost the only elements of consistent strength were provided by oils, motors and shippings. Mexican

Liberty Bonds were strong, foreign little steady, and the general list though changed slightly better.

Total sales, par value, aggregated \$1,566,000.

Old United States bonds unchanged on call.

Firmer tendencies were manifest in the money market, call loans closing at 3 per cent after opening at 5 1/2.

Liberty Bonds were strong, foreign little steady, and the general list though changed slightly better.

Total sales, par value, aggregated \$1,566,000.

Old United States bonds unchanged on call.

**Big Brother Movement.**

This would be twice as much as required for home consumption, but the rest of the country is not as well as California, in this respect so our surplus and some of our principal will be purchased by Uncle Sam for distribution elsewhere. This will make a local shortage, which must be met by wastage elimination and careful use, but it is unlikely to be followed by increasing price because this shortage is being artificially stabilized as well as the plac-

The Bookery, Chicago

mines the effects of the recent Outman strike being still in evidence. Tom Reed sold of during the day from 1.71 to 1.68. Associated dropped a point. Goodyear, preferred, was offered at par and a half, but sold in test share lot, off board, for three-eighths. Pacific Cotton, was also held at 100.50, but no bidders appeared. Edison, preferred, was at 103.50. T. A. I. went from 98 to 87 and was offered at the close at \$1. Altogether it was a listless, draggy market, without special stimulus, but giving some indications towards the close of better things ahead. The secretary and official auctioneer, Mr. Clifford Dowell
